**OHIO EPA DIVISION OF DRINKING and GROUND WATERS
WELLHEAD PROTECTION PLAN STATUS CODES**

1. **PWS DISCUSSING WHP.** Water supplier or local officials are actively discussing WHP planning. This may include local officials holding initial planning meetings to discuss the need for WHP. A water system is also at this level if they have requested Ohio EPA to participate in planning meeting. A system will return to "0" status if they do not progress to code 3 within a one-year period.
2. **WHP SCHEDULE REQUESTED.** Ohio EPA has requested a schedule for WHP planning as a condition of new well site approval, or system has stated intent to begin work.
3. **WHP WORK INITIATED.** Water supplier has initiated WHP planning activities; identified conceptual WHP area and conducted preliminary pollution source inventory. A water supplier is also at this level if they have submitted a proposed work plan to Ohio EPA; have formed a WHP advisory council or planning committee; or have hired a consultant to conduct WHP planning work.
4. **COMPONENT(S) OF WHP PLAN SUBMITTED.** Water supplier has submitted a component(s) of a WHP Plan (e.g. detailed delineation and/or pollution source inventory) to Ohio EPA for review.
5. **COMPONENT(S) OF WHP PLAN ENDORSED.** Ohio EPA has reviewed and endorsed one or more components of a WHP Plan, however, a complete plan has not been submitted.
6. **COMPLETE WHP PLAN SUBMITTED.** Water supplier has submitted a complete WHP plan to Ohio EPA for review. A PWS will remain at this level until WHP Plan has been endorsed by Ohio EPA.
7. **COMPLETE WHP PLAN ENDORSED.** WHP Plan has been reviewed by Ohio EPA and adequately addresses all components of Ohio's WHP Program.
8. **WHP PLAN BEING IMPLEMENTED.** WHP Plan has been reviewed by Ohio EPA and adequately addresses all components of Ohio's WHP Program. Water supplier has been implementing WHP Plan for one year. Water supplier must demonstrate progress in accordance with WHP Plan or endorsement of plan may be revoked and status changed to level 7 or 8 (inactive).
9. **OPERATING WHP PLAN.** Working WHP Plan is in place and the water supplier has been working on implementation for at least three years. Water supplier must be demonstrating progress in accordance with WHP Plan or endorsement of plan may be revoked and status changed to level 7 or 8.

ENTERED

Ohio WHP Plans Status as of October 1994

Note: For Progress Code descriptions see attached page.
Current progress does not exceed level 6. DDAGW 10/26/94 RFMc.
